

Tuition Calculation Worksheet

(Do not turn this form in with Registration)

This worksheet is to help you decide which payment plan best fits your budget. All available time allotments are given in examples below. Tuition is to be paid in full by May 1st of the school year, unless other arrangements have been made. Ten months is the maximum length of time tuition is divided into. **Please read Philosophy and Policy for details of complete tuition requirements.**

Registration Fee Per Family:	\$225, see reduced fee amounts if paid before August 1st, 2010.
-------------------------------------	---

Yearly Tuition per Child:	1st child	2nd child	3rd child	4th child	5th child & more
	\$2,050	\$1,950	\$1,750	\$1,650	FREE

Payment Options:

ANNUAL: Receive a 7% discount off above tuition. Add tuition for number of children in the program and multiply by 7% for your deduction and the final tuition cost. **Payment due by May 18, 2010. A 3% discount is available if paid by July 1, 2010.**

Example: Family w/5 children: \$2050 + \$1950 + \$1750 + \$1650 + free = \$7400 x 7% = \$518 deduction. Final tuition cost for five children totals \$7400 - 518 = \$6882 for entire year, less than most families pay for one child in private school.

SEMI-ANNUAL: Receive 2% discount off above tuition. Add half of the tuition for the number of children in the program and multiply by 2% for deduction. **Payments due July 1, 2010 and January 10, 2011.**

Example: Family w/5 children: \$1025 + \$975 + \$875 + \$825 + free = \$3700 x 2% = \$74 deduction. Total tuition cost for five children for a semester totals \$3700 - \$74 = \$3626. Paideia has 2 semesters per school year.

MONTHLY: Add tuition for the number of children in the program and divide by 10 months. Payments run August 1st through May 1st.

Example w/2 children: Family w/2 children: \$2050 + \$1950 = \$4000/10 = \$400 monthly, August through May.

EXTRA ELECTIVES: First Additional Elective: \$500 per year

Second Additional Elective: \$400 per year
